Tales From The Dark Tower, with characters based on Vargo's art work, is unlike anything you could imagine. Although they are perhaps related in some strange way to the Lupines, they are quite clearly their own clan. It is therefore unsurprising that Greek thought ended in something like Neoplatonism which, though mystic in style, is very logically argued by Plotinus. Ah, responsibility. Extra percentage of a firm's common stock ordinary shares allocated to the senior executives over and above their current shareholdings as an additional motivation for continuing hard work for the firm's success.
